Step 1

Any employee having a grievance shall reduce it to writing, and present it to the Grievance Committee within ten (10) calendar days (excluding Saturdays, Sundays and holidays) of the employee's first scheduled work day following the action leading to the grievance. If the grievance is deemed by the Grievance Committee to have merit, it will be signed by the employee and a member of the Association's Executive Board, then submitted to the Director of Public Safety through the Fire Commander within ten (10) calendar days (excluding Saturdays, Sundays and holidays) of the employee's first scheduled work day following the action leading to the grievance. Any grievance not filed as herein provided shall result in forfeiture of the grievance.

The employee will waive their right to be heard at either Step 3 or 4 if they do not attend the scheduled meeting. After the employee makes a presentation, and there are no further questions of the employee, the employee will be excused.

Step 3.

In the event the grievance is not settled in Step 2, the Grievance Committee within five (5) days may request a meeting to discuss the matter between the Grievance Committee and the Director of Human Resources and any other representatives determined by the City. This meeting will be held at a conference room at City Hall within ten (10) working days of the request for the meeting, and the decision will be in writing within ten (10) working days of the conclusion of the meeting.

If the grievance is not resolved in Step 3, the Association shall have thirty (30) days to invoke arbitration as follows:

A. When either party receives a letter of intent to arbitrate, the parties shall attempt to select an arbitrator.

B. In the event the parties have not selected an arbitrator within ten (10) days or within a mutually agreed period, an arbitrator shall be selected in accordance with the procedures of the American Arbitration Association. Arbitration hearings shall be held in a conference room at City Hall.

C. No claim for back wages shall exceed the amount of wages the employee would otherwise have earned at his or her regular rate.

D. An agreement reached between the City and the Association as to the resolution of a grievance or dispute is binding on all employees affected and cannot be changed by an individual.

E. Special meetings to discuss and possibly dispose of emergency problems and grievances may be held whenever mutually agreed upon between the Association and the City.

F. The Association shall have the right, through its Executive Board to file a grievance directly with the Director of Public Safety through the Fire Commander at Step 2 of the grievance procedure if the Executive Board and/or the Association believes that the alleged violation affects the members of the entire bargaining unit. C. The occurrences of any acts prohibited in this Section or by the Michigan Public Employment Relations Act shall be deemed a violation of this Agreement.

ARTICLE 7 HOURS OF WORK AND OVERTIME

Section 1. Employees Other than the Fire Marshal.

Employees other than the Fire Marshal work a standard work year of 2,808 hours. Pursuant to Section 7(k) of the Fair Labor Standards Act ("FLSA"), the City of Monroe pays overtime to its firefighters on a "work period" basis. The City expressly adopts a 28-day work period for its firefighters. Therefore, overtime need not be paid until the number of hours that the employee works in the work period exceeds 212 hours. Firefighters will be assigned to one of three platoons and will work a 24 hour work day. The rotation shall

consist of 24 hours on duty, 24 hours off duty, 24 hours on duty, 24 hours off duty, 24 hours on duty, followed by 96 hours off duty. Each work day will commence at 7:30 a.m.

To be compliant with 7(k) of the FLSA without the City unnecessarily incurring overtime expense each employee must also take one unpaid twenty-four hour period off (i.e. a "Kelly Days") in an 84 day work cycle. Employees shall not suffer any diminution of wages as result of the use of a Kelly Day.

Employees will be permitted to exchange the unpaid Kelly day only within the 28-day cycle the day occurs. The employee will be permitted to exchange paid vacation, personal days and compensatory time off provided such exchanges do not interfere or conflict with normal operations of the Department. All such exchanges shall be subject to prior approval by the Director of Public Safety or his designee. The City will authorize up to two employees to be off per day for the purpose of utilizing Kelly days and only one employee off for paid vacation, personal days and compensatory time off.

Section 2. Fire Marshal. The Fire Marshal works a standard work year of 2,080 hours and shall have a standard work week of forty (40) hours per week.

Section 3. Overtime Rate. The overtime rate is time and a half the employee's hourly rate, as identified in Article 1. Section 2. An employee must work fifteen minutes after the end of his shift to receive one-half (1/2) hour paid overtime or forty-five minutes to receive one hour overtime.

For purposes of computing overtime, compensable hours (paid vacation, personal, sick and compensatory time) shall be considered hours worked.

Section 4. Payroll. Employees are paid on a bi-weekly basis.

Section 5. Training.

A. General Rule for Required, Work-Related Training. As a general rule, employee attendance at lectures, meetings, and training programs are hours worked under the FLSA if the training is required and directly related to the position held.

1. Work-Related Multiple Day Training. For attendance at required multiple day seminars or schools, attendees will be paid for:

a. Travel time from home or the fire station to the training location at the start of the multiple day training and from the training location to home or the fire station at the completion of the multiple day training, whichever is longer;

b. For hours in class or at a training session, but not for time after the completion of the training for the day.

The City will provide all necessary registration fees, gas and mileage expenses for those that drive and drive their own vehicle as opposed to a City vehicle (not passengers), lodging and meals for attendees.

Off-duty training shall be paid at time and one half the 40 hour rate when the training related to the position held, (i.e. fire officer classes for officers, mechanics for maintenance division, etc.) and any additional off-duty training with the approval from the Fire Commander.

B. Voluntary Training and Compensatory Time. All employees who voluntarily attend training or education outside of their regularly scheduled work shift, with the approval of the Director of Public Safety or his authorized representative, shall be compensated with compensatory time off at the rate of one-and-one-half hours for each hour worked or overtime at one-and-one half times the forty (40) hour rate of pay. This educational compensatory time shall only accumulate to a maximum of seventy-two (72) hours for employees other than the Fire Marshal. The Fire Marshal shall only accumulate such compensatory time to a maximum of twenty-four (24 hours).

Employees will be able to use compensatory time in one hour increments. Compensatory time selected in 24 hour blocks by employees other than the Fire Marshal will be treated as a personal day and adhere to personal day rules. Compensatory time selected in an eight (8) hour block by the Fire Marshal will be treated as a personal day and adhere to personal day rules. An employee may schedule compensatory time off during the regular November vacation selection process following the scheduling of vacation time. For employees other than the Fire Marshal, seniority governs the utilization of compensatory time.

Section 6. Call-Back Pay: Any employee who is called back to work prior to the beginning of his or her regular shift or not on shift shall be paid a guaranteed minimum of two hours pay at their daily hourly rate (40 hour rate) unless the employee is already working for another reason. This two hour minimum shall be called "call back pay." In addition, for all time worked during this time, said employee shall be paid one and one-half times the daily hourly rate (40 hour rate) . This provision does not apply to scheduled overtime and short shifts with more than 12 hour notice.

If the necessary firefighter staffing is not secured through the regular call in process, the Fire Marshal may voluntarily work the overtime hours as a firefighter while being compensated at time and one half at his regular rate of pay. Such overtime will be at the discretion of the Public Safety Director and must not hinder or interfere with the primary duties of the Fire Marshal.

ARTICLE 8 MINIMUM STRENGTH

A. The Mayor and City Council through the Director of Public Safety and in accordance with the Management's Rights clause in this Agreement shall establish an appropriate table of organization and level of staffing in accordance with the Mayor and City Council's policy.

B. In order to carry out the responsibilities of the Director of Public Safety (or his designee) with regard to paragraph A above, the overtime provisions relative to maintaining staffing requirements shall be as follows:

1. Employees shall have an opportunity to affix their names to a sign-up sheet for overtime work.

2. When staffing falls below the minimum number as outlined above, the Fire Commander (or his designee) shall call in the necessary personnel. When an employee is called, he or she shall be paid one and one-half (1-1/2) times their base hourly rate (54 hour rate) times the hours he or she works in order to maintain minimum strength.

3. When there is scheduled overtime to maintain the minimum shift and it is less than twelve (12) hours, a member shall receive overtime pay at his or her daily hourly rate (40 hour rate) in accordance with Article 7. Hours of Work and Overtime. Extensions may be approved by the Director of Public Safety.

4. All off-duty employees shall report for duty when a general emergency "call back" is initiated.

Available employees who fail to adhere to the provisions of this Article are subject to discipline.

ARTICLE 9 PROBATIONARY PERIOD

All employees entering the bargaining unit shall serve a one (1) year probationary period, uninterrupted by any break in service, commencing from their first date of hire with the City. During this period, the employee may be disciplined or discharged for any reason at the discretion of the City's Director of Public Safety and without recourse to the grievance and arbitration provisions of this Agreement.

Employees who have completed probation and are promoted to a higher rank within the bargaining unit, shall also serve a one (1) year probationary period in the higher rank. During their probationary period, such employees may be returned to their former position should the City's Director of Public Safety determine their performance to be unsatisfactory. Documentation regarding this decision shall be provided to the Association.

ARTICLE 10 DISCIPLINE AND DISCHARGE

A. Employees who have successfully completed one year of service with the City shall only be disciplined or discharged for just cause.

B. All disciplinary actions shall be in writing with copies provided to the employee, the Association President, and the Human Resources Director.

C. It is further agreed that an Officer of the Association shall have the right to be present if requested by the employee on any occasion in which the Director of Public Safety Director and/or the Fire Commander calls a member of the Association for a conference, which in any way or manner is in reference to the performance of professional duty or performance of the member of the Association, or which in any respect has reference to his or her wages, hours of work, or other conditions of employment of the member of the Association.

The Fire Marshal shall earn eight (8) hours of paid sick leave per month up to a maximum accrual of 800 hours.

Employees hired on or after July 1, 2011, shall earn twelve (12) hours of paid sick leave per month, commencing with each employee's first full work day. Such employees shall be allowed to accrue unused sick time up to a maximum of one thousand (1,000) hours. Effective January 1, 2023, all employees shall be allowed to accrue unused sick time up to a maximum of one thousand four hundred and forty (1,440) hours.

Unpaid time lost by an employee shall not be considered in computing earned credits for sick leave. Except as otherwise provided in this Agreement, all paid leave days, except sick leave days, shall be considered as days worked for accumulation of sick leave credits. In order to be eligible for sick leave credit, an employee must be on the payroll for at least one-half of his regularly assigned work days during the month for which it is earned.

Employees shall be entitled to an annual bonus payment for unused sick leave credited to the employee for the preceding calendar year. Effective, January 1, 2018, the number of sick hours to be paid with the annual bonus payment shall be calculated by subtracting the number of sick hours used during the preceding calendar year from the number of sick hours credited to the employee during the preceding calendar year and then dividing that number of hours by two (2). Excluding the Fire Marshal, the number of hours calculated will be paid out at the employee's fifty-four (54) hour rate. For the Fire Marshal, the number of hours calculated will be paid out at the forty (40) hour rate.

Except as hereinafter provided, such payment shall be made for the preceding calendar year in January of each year, using each eligible employee's rate of pay as of December 31st of the preceding calendar year.

Sick leave may be used in case of actual illness or disability, with the exception of absences due to the use of narcotics or intoxicants (unless medically prescribed), misconduct or any illness or injury incurred while gainfully self-employed or employed by another Employer. Sick leave may be used in ½ shift increments, 7:30 a.m. to 7:30 p.m.

and 7:30 p.m. to 7:30 a.m. Employees who become sick during their regular shift shall be charged sick leave for their total period of absence from work. Employees who call in sick prior to the commencement of their shift and who later recover may, upon two hours advance notice to the Fire Commander (or his designee), report to work for the second half of their shift. Similarly, employees who become sick during the first half of their shift necessitating their leaving work and who later recover, may report for work for the second half of their shift, upon two hours advance notice to the Fire Commander (or his designee). However, the total hours used in a day shall not exceed the number of regularly scheduled hours the employee would otherwise have worked had he not been on sick leave. Sick leave shall not be charged for absences due to on-the-job injuries covered by worker's compensation.

Any employee who becomes ill and is unable to report to work must, unless circumstances beyond the control of the employee prevents such reporting, notify the supervisor on duty no later than one (1) hour before the starting time of his particular shift on the first day of his absence and daily thereafter if not hospitalized or sick leave pay will not be allowed.

A certificate from a doctor or physician may be required as evidence of illness or disability, and ability to return to work, if the employee's period of absence exceeds two (2) days. Notwithstanding the duration of an employee's period of absence, the Employer shall further have the option, at its own expense, to seek an independent medical examination of the employee certifying the employee's illness or injury and/or the employee's fitness for duty. Abuse of sick leave or falsification of illness or disability will result in disciplinary action up to and including discharge.

If the employee so elects, after all accrued sick leave is used, vacation and personal leave may be used as sick leave benefits. When an employee receives his last check for sickness or disability, he will be placed on leave without pay for a period not to exceed two (2) years or the total amount of his seniority, whichever is less. If, at the end of that time, the employee is still unable to return to work his employment shall be terminated.

An employee who has exhausted his accrued sick leave benefits but is unable to return to work due to a continuing illness or injury will be eligible for up to twenty-six (26) weeks indemnity pay. Indemnity pay will be payable biweekly in accordance with the Employer's normal biweekly pay cycle and calculated at forty-percent (40%) of the employee's biweekly base salary. In order to be eligible for this benefit, the individual must be a regular full-time employee with one (1) year of service.

Section 2. Duty Disability Leave. A "duty disability leave" shall mean a leave required as a result of the employee incurring an illness or injury while in the employ of the Employer that is compensable under the Michigan Workers' Disability Compensation Act ("MWDCA").

In order to be eligible for duty disability leave, an employee shall immediately report any illness or injury to his immediate supervisor and take such first-aid treatment as may be recommended, or waive such first-aid in writing.

Employees on duty disability leave shall continue to accrue vacation and sick leave hours on the same basis as active duty employees for a period not to exceed one (1) year from the date of illness or injury.

All full-time employees who are unable to work as a result of an illness or injury sustained in the course of employment with the Employer shall continue to receive their regular pay (exclusive of shift differential or work premium) for the working days falling within the first seven (7) calendar days of disability. An employee's sick leave will not be charged for this time. (Note: After fourteen (14) days continuous absence, the MWDCA will reimburse the employee at the standard workers' compensation rate for the first week's absence previously paid by the Employer. Upon receipt of such payment, the employee shall immediately reimburse the Employer.)

After seven (7) calendar days, payment of the employee shall be governed by the regulations of the MWDCA; provided, however, for the first twelve (12) months of duty disability leave, the Employer shall also pay the employee bi-weekly the difference between the payment received under the MWDCA and his normal bi-weekly pay (exclusive of shift premium and other work premiums). Thereafter, if the employee has sufficient accrued sick leave, he will be paid bi-weekly the difference between the payment received under the MWDCA and his normal bi-weekly pay (exclusive of shift differential and other work premiums), until the employee's accrued sick leave is exhausted.

An employee who is continuing to work and being treated for a duty disability injury may be treated for such injury during regular working hours and will be compensated at his regular rate of pay. He shall report promptly to work once the appointment is completed.

If the Employer offers "favored work" to an individual on duty disability within the Fire Department, which the employee is capable of performing, the employee shall report to their regular shift as directed or forfeit all supplemental compensation and sick leave benefits provided by the Employer under this Section and such other benefits as may be terminated in accordance with the provisions of the MWDCA.

Section 3. Family and Medical Leave. The City agrees that it shall maintain a policy providing for employee family and medical leaves under the federal Family and Medical Leave Act (FMLA). Employees shall be governed by the provisions of that policy; however, to the extent the Employer's policy provides less benefits than those provided by the FMLA, the provisions of the FMLA shall control. Further, employees may elect to utilize any accrued unused sick leave, vacation, and personal leave benefits while on an FMLA leave.

Section 4. Emergency Leave. An employee whose spouse, child, parent, grandchild, grandparent, sibling or parent-in-law is admitted to a hospital with a condition classified as "serious," may be granted a leave of absence with pay for a period not to exceed three (3) work days (72 hours/all employees other than the Fire Marshal; 24 hours/Fire Marshal) upon the approval of the Director of Public Safety or Fire Commander. The Director of Public Safety or Fire Commander may also approve a paid leave of absence for a period not to exceed one (1) work day (24 hours/all employees other than the Fire Marshal; 8 hours/Fire Marshal) upon an admission to a hospital of a sibling of the employee's spouse under the circumstances above-described. Emergency Leave shall be in addition to other types of leave to which an employee is entitled.

Section 5. Personal Leave. Employees hired prior to July 1, 2011, shall be granted three (3) personal leave days (72 hours/all employees other than the Fire Marshal; 24 hours/Fire Marshal) per calendar year, such days to be used as vacation days. (Employees hired on or after July 1, 2011, shall be granted two (2) personal leave days (48 hours/all employees other than the Fire Marshal; 16 hours/Fire Marshal) per calendar year.) Personal leave days shall not be chargeable to either accumulated sick leave or accumulated vacation days. In order to use such personal leave days, requests must be made to the Fire Commander at least twenty-four (24) hours in advance of the expected leave day. Exceptions to the above may be made in cases of bona fide emergencies. Personal leave days will not be granted if they result in an overtime situation. Once the personal leave day is granted, it shall not be rescinded except by the employee. Excluding the Fire Marshal, employees may use one twenty-four (24) hour day in one hour increments. The Fire Marshal may use one eight (8) hour day in one hour increments. Utilization of this day shall conform to the compensatory policy defined in Article 7. Hours of Work and Overtime.

Employees shall not receive paid work time and paid personal leave time for the same hours.

Section 6. Bereavement Leave. In addition to the emergency leave, an employee shall be granted a leave of absence with pay for a period not to exceed three (3) consecutive work days for a death in the immediate family upon recommendation of the immediate supervisor and the approval of the Director of Public Safety (or his designee), provided the notification is prior to the date of the funeral. Should a death in his or her immediate family occur while an employee is on a scheduled vacation leave, he or she shall be eligible to receive these benefits provided that he or she notify the City prior to the date of the funeral.

The immediate family shall be defined to include spouse, child, step-child, brother, sister, parent and parent-in-law, grandparents, grandchildren, spouse's grandparents, brother-in-law, sister-in-law, daughter-in-law and son-in-law and step-parent.

Emergency Leave and Bereavement Leave shall be in addition to other types of leave to which an employee is entitled.

Section 7. Other Leaves. In addition to those leaves of absence provided above, an employee may request an unpaid leave of absence for a maximum period of thirty (30) days. Such leave may be extended for successive periods of up to thirty (30) days, not to exceed a maximum of ninety (90) consecutive days. Requests for leave shall be submitted to the Director of Public Safety (or his designee), with a copy to the Human Resources Director. All leave requests, including extensions, require advance written approval of the Director of Public Safety (or his designee).

Employees on an approved leave shall not be engaged in work. Failure to comply with this provision shall result in the employee's termination and the loss of all seniority rights.

Any leave of absence taken under this Section shall not be considered time worked for purposes of earning vacation, sick leave, holiday pay, or longevity.

Section 8. Jury Duty. An employee who is summoned for jury duty will be paid the straight-time hourly wage he would otherwise have earned, exclusive of premium, while serving on jury duty. Jury duty fees received by the employee shall be turned over to the Employer (excluding mileage).

to pay 13% of the illustrated cost of dental coverage as referenced in Section 3 of this Article. Effective January 1, 2014, employees shall be required to contribute 16% of the illustrated premium cost of such health and dental coverage. Employees covered under this Plan shall be required to pay the difference between the total illustrated premium cost of such coverage and the maximum amount the Employer is permitted to pay under Section 3 of the Publicly Funded Health Insurance Contribution Act, Act No. 152 of the Michigan Public Acts of 2011 (see Section (4) below for the manner in which the employee's payment is determined.)

- (2) A Blue Cross/Blue Shield of Michigan Community Blue (80/20) PP0 Plan (See Appendix G-2), and Rx generic mandate \$10 co-pay, brand name \$60 co-pay; and mandatory purchase of all maintenance drugs through mail order with Rx generic mandate \$20 co-pay, and brand name \$120 co-pay. Employees may select coverage for employee, employee and spouse, employee and child(ren), or family³.

Employees covered under this Plan shall be required to pay the difference between the total illustrated premium cost of such coverage and the maximum amount the Employer is permitted to pay under Section 3 of the Publicly Funded Health Insurance Contribution Act, Act No. 152 of the Michigan Public Acts of 2011 (see Section (4) below for the manner in which the employee's payment is determined.)

- (3) A Blue Cross/Blue Shield of Michigan Flexible Blue PP0 High Deductible Health Care Plan with a Health Savings Account and Rx generic mandate \$10 co-pay and brand name \$60 co-pay after the annual deductible has been met; and mandatory purchase of all maintenance drugs through mail order Rx generic mandate \$20 co-pay and brand name \$120 co-pay after the annual deductible has been met. This Plan shall include a \$2,000 individual and a \$4,000 family in-network deductible and a \$4,000 individual, \$8,000 family out-of-network deductible (See Appendix G-3). Except as above provided, after payment of the applicable in-network deductible in each calendar year—the Plan shall cover 100% of all eligible in-network expenses for the balance of that calendar year. Except as above provided, after payment of the applicable out-of-network deductible in each calendar year, the Plan shall cover 80% of all

³ Eligible participants include the employee, the employee's legal spouse, and the employee's children to the end of the month in which they turn age 26 if they meet the requirements as defined and provided for in the respective plan documents.

eligible out-of-network expenses for the balance of that calendar year.

For employees covered under this Plan, the Employer shall pay the illustrated premium cost of the health plan and make a contribution to the employee's HSA in an annual amount of \$350 for those who select employee only coverage, \$800 for employee/spouse or employee/child(ren) coverage, and \$1,000 for family coverage,⁴ or the maximum annual amount permissible under Section 3 of the Publicly Funded Health Insurance Contribution Act, Act. No. 152 of the Michigan Public Acts of 2011. (See Section (4) below for the manner in which the employee's payment is determined.)

Employees may make contributions to their Health Savings Accounts on a bi-weekly basis, through automatic payroll withholding, in accordance with the provisions of the Internal Revenue Code and the related regulations, and the Employer's administrative procedures.

Notwithstanding the foregoing, employees commencing their employment with the Employer after January 1 of any calendar year shall receive prorated contributions to their Health Savings Account in their first calendar year of employment. Such proration shall be based upon the number of days between the employee's date of hire and December 31 of the first calendar year of employment divided by 365.

- (4) Employer Health Care Contributions. The Employer will annually calculate the total cost it is permitted to incur under Section 3 of the Publicly Funded Health Insurance Contribution Act, Act. No. 152 of the Michigan Public Acts of 2011 (the "Act"). The Employer will compare the total cost it is allowed to incur according to the Act to its actual cost if each employee were to select the plan in Section A (3) above. If the actual cost exceeds the allowed cost, the Employer's total cost will be adjusted to comply with the Act by first reducing the employer's contributions to the HSA referenced to in Section A (3) until they are eliminated and then, if necessary, adding an employee payment for the cost of the plan in Section A (3) above until the calculation is brought into compliance with Section 3 of the Act. The employee's payment or the plans in Section 1 and 2 will be adjusted to make the Employer's net cost match the cost for the plan in Section A (3) above.

⁴ Eligible participants include the employee, the employee's legal spouse, and the employee's children to the end of the month in which they turn age 26 if they meet the requirements as defined and provided for in the respective plan documents.

The illustrated premium costs of the foregoing plans are subject to adjustment each calendar year (typically in January of each year). Prior to implementing each such adjustment, the Employer will inform employees of the adjustment and provide an open enrollment period during which time employees will be permitted to change their coverage selections.

- B. Employees Hired On Or After August 15, 2011. Each regular full-time employee hired on or after August 15, 2011, who desires health care benefits through the Employer shall be provided the PP0(90/10) Plan or the Flexible Blue PP0 High Deductible Health Care Plan, with a Health Savings Account. The two plans shall be as described in Section 1.1 (A) above with the following exceptions; 1) those employees choosing the PP0 (90/10) Plan shall be required to contribute 20% of the illustrated premium cost of such Plan or the cost calculated in Section 1.1 A (4), whichever results in the greater employee payment. Those employees choosing the Flexible Blue PP0 High Deductible Health Care Plan, with a Health Savings Account shall be required to pay the full amount of the annual deductible and any amount by which the annual premium exceeds the Employer's total costs as calculated in Section 1.1 A (4). The Employer shall not contribute to the employee's HSA.

1.2. Spousal Coverage Limitations. Notwithstanding any other provision of this Agreement to the contrary, if a regular full-time employee's spouse works for an employer, other than the City of Monroe, who provides medical coverage, such spouse shall be required to elect employee only medical coverage through his own employer, so long as the spouse's monthly contribution to the premium does not exceed one-third (1/3) of the total premium cost of employee only coverage. In such circumstance, the Employer (i.e. the City of Monroe) shall provide secondary coverage. If the spouse's contribution exceeds one-third (1/3) of the total cost of employee only coverage, the spouse will not be required to participate in his employer's plan, in which event the Employer (i.e. the City of Monroe) will provide primary coverage.

1.3. Additional Limitations on Coverage. Coverage under the above plans is subject to the terms, conditions, exclusions, limitations, deductibles, illustrated premium co-payments and other provisions of such plans, and all applicable provisions of the Internal Revenue Code and related regulations.

Employees electing to continue such coverage shall pay the

full cost of such continued coverage. Upon return from a leave of absence, an employee's health care coverage shall be reinstated commencing with the employee's return.

Except as otherwise expressly provided in this Agreement, an employee's health care benefits shall terminate at the end of the month in which the employee goes on a leave of absence, terminates, or is laid off. An employee who is on layoff or who terminates may elect to continue the health care coverage herein provided at his own expense as provided under COBRA.

To be eligible for health care benefits, an employee must document all coverage provided under his/her spouse's medical plan and cooperate in the coordination of coverage to limit the Employer's expense.

⁶"Spouse" means an employee's spouse by legal marriage at the time of the employee's retirement, and provided that the marriage status exists at the time expenses for medical claims under this Agreement are incurred. A retiree who remarries after the effective date of his retirement is not eligible to add a new spouse for healthcare benefits under this Agreement. A spouse who is covered under this Agreement at the time of a retiree's death may continue to participate in the benefits provided under this Agreement as long as the spouse receives the retiree's survivor payments under the Retirement System. If the spouse of a retiree remarries after the retiree's death, his new spouse is not eligible to receive healthcare benefits under this Agreement. "Dependent" means unmarried dependent children to the end of the month in which they turn age 26 if they meet the requirements as defined and provided for in the respective plan documents.

⁸ Notwithstanding the foregoing, duty disability retirees (and their eligible spouses) shall be entitled to an Employer contribution in an amount equal to 100% of its share of the illustrated premium cost of coverage under the Health Care Plan selected by the employee if he is disabled by a qualifying action. The eligible spouses of employees who are killed in the line of duty as a result of a qualifying action shall also be entitled to an Employer contribution in an amount equal to 100% of its share of the illustrated premium cost of coverage of the Plan selected by the retiree and, where applicable, his eligible spouse and dependents. To receive health care benefits under this Agreement, the retiree and, where applicable, the retiree's spouse and/or eligible dependents must timely pay all applicable monthly premiums and, when eligible, enroll and thereafter maintain his participation in Medicare Part B benefits. The retiree and, where applicable, the retiree's spouse and/or eligible dependent(s), shall be responsible for all associated costs of Medicare Part B enrollment and participation.

When the retiree and his spouse become eligible for Medicare, the Employer may change retiree health care coverage to a Medicare supplement plan, Medicare Advantage plan, or such other Medicare-coordinated coverage, but such coverage shall provide prescription drug benefits comparable to that which the Employer is providing to its active employees¹⁰ The Employer will pay the same percentage share of the cost of such Supplemental and prescription drug benefits for eligible retirees, spouses and dependents as it would have paid for coverage under the health care plan requiring the lowest Employer contribution prior to the retiree and his spouse becoming entitled to Medicare. Retirees shall pay the remaining portion of such costs, if any, through automatic withholding from their monthly pension benefits.

The Employer hereby expressly and unqualifiedly reserves the right to change benefits from time to time for the retiree, his spouse and dependents, to reflect the changes in coverage the Employer provides its active employees.

The Employer's minimum contribution on behalf of retirees (including his eligible spouse and dependents) with less than 25 years of credited service shall be determined by multiplying that percentage of premium to which the retiree is entitled based upon his credited service by the illustrated premium cost of coverage for the retiree and his eligible spouse and dependents, whatever may be applicable, under the health care plan requiring the lowest Employer contribution at the time the retiree commenced his retirement.

¹⁰ Retirees and/or their eligible spouses who do not meet the eligibility requirement for Medicare benefits shall continue to receive the health care benefits for which they are otherwise eligible under this Agreement.

Retiree's (or upon the death of the retiree, the retiree's eligible spouse) who fail to report such employment and/or receipt of health care benefits from another source, or falsify such affidavit, shall forfeit all health care benefits under this Agreement for himself and his spouse and dependents.

(4) Coordination of Benefits. To receive health care benefits under this Agreement, retirees and spouses must cooperate in the coordination of coverage to limit the Employer's expense in accordance with applicable law.

If an expense is paid by the Employer on behalf of a retiree or a retiree's spouse, and such expense subsequently is paid from any other source, in whole or in part, the retiree or spouse shall assist the Employer in recovering an amount equal to the duplicated benefit. In addition, the Employer may reimburse any other health care plan, person or entity that has paid an expense on behalf of a retiree or spouse that is an expense payable under this Agreement. In such event, the Employer shall be relieved of all further responsibility with respect to that expense.

(5) Post Retirement Employment. In the event a retiree obtains employment following his retirement from the Employer and is provided health care benefits through that employment, the Employer shall not provide coverage while the retiree is so employed. Upon termination of subsequent employment, the retiree, after giving notice to the Employer, shall be eligible to receive the health care benefits provided under this Agreement.

(6) Termination of Benefits. Notwithstanding the foregoing, if the retiree is employed long enough to obtain retiree health benefits through another employer and such benefits are equal to or greater than those provided to the retiree by the Employer, the Employer shall have no further obligation to provide health care benefits to the retiree, his spouse or dependents under this Agreement.

Further, except as otherwise provided herein, health care benefits provided under this Agreement shall terminate on the earliest of:

- *non-payment of any required contributions to the Employer;*
- *the death of the retiree or any eligible spouse or dependent(s) of the retiree;*

The employee's contribution shall be paid through automatic payroll withholdings in 26 equal biweekly increments during the 12 month period commencing July 1 extending through and including the following June 30. If the employee quits or leaves City employment for any reason and is ineligible for retiree health care benefits, the employee shall be refunded the amount he contributed to the Retiree Health Care Fund. ARTICLE 20

APPOINTMENTS TO THE POSITIONS OF FIRE COMMANDER, POLICE COMMANDER, ADMINISTRATIVE COMMANDER, AND DIRECTOR OF PUBLIC SAFETY DIRECTOR

It is recognized that many changes have occurred over the years in the police, fire, and public safety professions, and that the City must ensure all appointees to the positions of Fire Commander, Police Commander, Administrative Commander (hereafter collectively "Commander"), and Public Safety Director are fully prepared and qualified to confront the challenges of this ever changing environment. Therefore, it is agreed that the City shall have full and absolute discretion with regard to all matters pertaining to the non-bargaining unit positions of Commander and Director of Public Safety, it being recognized and agreed that such positions may be filled at such time and pursuant to such process and criteria as the City Council may determine from time to time to be appropriate (including, but not limited to, all matters with regard to the appointment, assignment, and termination of personnel assigned to those positions), notwithstanding any provisions of the parties' collective bargaining agreement, the City Charter, Ordinance, Act 78 or any other provisions relating to Civil Service, the City of Monroe Civil Service Manual, and any policies, rules, regulations, and directives of the Monroe Civil Service Commission, to the contrary.

Captains, Lieutenants, and Fire Marshal within the bargaining unit shall be given first consideration in applying for the vacant Fire Commander position. The Director will consider the appointment based on the applicant meeting the qualifications (which shall include but not limited to Firefighter I & II certifications, Fire Officer I & II certifications and Paramedic License certifications), past performance, demonstrated leadership capabilities, communication skills, and demonstrated interpersonal skills working with subordinates, employees throughout the City organization, outside public safety service agencies, and the general public. The Director shall have the discretion to conduct an assessment center and/or personal interview(s). If the Director determines that none of the internal applicants meet the conditions to serve effectively as the fire commander, the director shall seek a qualified candidate from outside the department who meets the qualifications as outlined in the job description and as referenced above and possesses the necessary skills.

An employee who is transferred out of the bargaining unit shall have the right to voluntarily return to his previous rank within 90 calendar days from the date of the promotion, unless the employee is under investigation for an offense that could constitute just cause for his suspension or discharge or has been suspended or discharged for just cause.

In the event the employee is permanently appointed to the position of Fire Commander, accrued seniority shall be frozen effective the first date worked in the position of Fire Commander. In the event of demotion, either voluntary or involuntary, the employee shall be returned to senior firefighter on step 6 of the wage scale with their previous accrued seniority.

When an employee volunteers for a reduction in grade, the employee would forfeit all benefits of their previously held position and assume the benefits of their newly assumed position including, but not limited to; wages, promotional opportunities, duties, and responsibilities. Should the involuntary grade reduction be through disciplinary action, the procedures in this provision will apply.

ARTICLE 21 ASSIGNMENTS

Section 1. Shift Vacancies. When a shift vacancy occurs in the firefighting rank, the Fire Commander (or his designee) shall call eligible employees for the position based on seniority. The vacancy will be filled by the most senior employee accepting the vacancy bid. It is understood that this is a voluntary shift transfer. This list will be active until all vacancies are filled due to this posting. In the event that no one bids and it becomes necessary to transfer personnel, the employee having the least department seniority, including new hires, will be transferred. Permanent shift assignment(s) of new hires will not occur until all permanent assignments are completed.

Section 2. Shift Transfers. Whenever a shift transfer takes place, it will be arranged so that the person(s) making the shift change will not be required to work any more days in the month of the transfer than they would have had there been no transfer.

When a shift transfer takes place after the annual time off selection period, the person(s) required to transfer (for any reason) will be allowed to have first opportunity to select any days vacated by the employee who he is replacing, and any days open at the time of the transfer, that do not create an overtime situation. Employees who are promoted and placed on another shift, or involuntarily transferred to another shift by the Fire Commander, may with the approval of the Fire Commander and the Director of Public Safety be allowed to select one (1) vacation cycle and one (1) personal day necessitating overtime.

All department seniority issues not specifically mentioned in the section shall remain unaffected.

Maintenance and inspection personnel shall be afforded the opportunity to use their department seniority and fill the vacancies created in one of the City's satellite fire stations on Saturdays, Sundays and Holidays.

When a shift vacancy occurs, officers on alternate shifts will be offered the opportunity to fill the vacancy of like rank. Officer time in grade shall be utilized to fill the vacancy. Probationary officers moving into a rank will be assigned by the Director of Public Safety (or his designee).

ARTICLE 22 MAINTENANCE OF CONDITIONS

Section 1. Wages, hours and conditions of employment in affect at the execution of this Agreement, and not specifically mentioned herein, shall be maintained during the term of this Agreement.

Section 2. The City will make no unilateral changes in wages, hour and conditions of employment during the term of this Agreement, either contrary to the provisions of this Agreement or otherwise.

Section 3. This Agreement shall supersede any rules and regulations inconsistent herewith. Insofar as any provision of this Agreement shall conflict with any ordinance or resolution of the City, appropriate City amendatory or other action shall be taken to render such ordinance or resolution compatible with this Agreement.

ARTICLE 23 OFF DUTY EMPLOYMENT

Section 1. Prohibition of Off-Duty Employment as a Fire Fighter, Paramedic, or Emergency Medical Technicians. Employees covered by this Agreement are prohibited from performing firefighting duties for any other public entity operating a paid or volunteer fire department other than the City of Monroe except as an employee of the City of Monroe under the terms of the Mutual Aide Agreement. Employees who violate this section may be subject to discipline up to and including discharge.

Section 2. It is specifically recognized that each employee shall not be limited from other gainful employment during their off-duty hours as long as said employment does not affect the performance of their firefighting duties.

ARTICLE 24
GENERAL

Section 1. Training. Except for specific training circumstances, there shall be no training or extra details on Sundays and Holidays. Training will be conducted during reasonable hours and reasonable weather conditions.

Section 2. General Liability Insurance. The City shall provide full insurance protection for all employees indemnifying them from any liability arising out of or in the course of their employment and in the performance of their duties and pay the premiums thereon.

Section 3. Residency.

A. All current and future employees are required to reside within twenty (20) miles of the nearest boundary of the City of Monroe.

B. New hires shall have one (1) year after the employee's probationary period ends to become residents and reside within the residency area designated in subsection A above.

Section 4. Tuition Reimbursement. Employees covered by this Agreement are eligible for Tuition Reimbursement as outlined below. All previous tuition reimbursement programs, forms and conditions will be null and void upon the ratification of the Agreement between the parties.

A. Off-the-Job Training. Employees who desire to pursue education during non-working hours, the following procedures shall apply:

1. The employee must obtain approval from the Director of Public Safety (or his designee) and Director of Human Resources (or designee) well in advance of enrollment in classes, i.e., school. A written request detailing courses or subject areas shall be accompanied by a signed tuition reimbursement agreement form. Upon approval of the curriculum or course of study, notification will be sent to the employee.

2. Education must be obtained at an approved or accredited college, university, secondary school, institute, school, or correspondence course.

3. The employee must receive the following passing grade or grades for the percentage of tuition reimbursement:

a. Undergraduate level – A or B = 100%; C = 90%; D or below, including drop or withdrawal = no reimbursement.

b. Graduate level – A = 100%; B = 90%; C or below = not reimbursable.

4. Upon completion of the course or semester, the employee shall then submit an original or copy of his or her official grade(s) along with their tuition receipt of payment to the Human Resources Department. The Human Resources Department will then process the request and the employee will receive reimbursement. In order to receive reimbursement, an employee must complete the class or semester and submit a passing grade. No reimbursement shall be made for withdrawal or dropped classes previously approved.

B. Seminars – Work Related. An employee who attends a fire related seminar or instruction session will suffer no loss in pay for attending such classes. The fees related to registration or enrollment will be paid by the Fire Department. Any additional or reasonable expenses will be reimbursed according to Department or City policy. It is understood that the above costs are subject to budget limitations and with the approval of the Director of Public Safety (or his designee).

C. It is mutually understood and agreed that any employee who voluntarily leaves City employ to take a new position elsewhere shall re-pay the sums reimbursed within the twelve (12) month period immediately preceding the last day of employment. (This language in Item C is the basis for the tuition reimbursement from being signed by the employee.)

Section 5. Paramedic Licensure. A Paramedic license meeting the requirements defined by the Monroe County Medical Control Authority shall be a condition of continued employment for all employees. The City shall continue to provide in-house continuing education training classes to maintain licensure in accordance with the Monroe County Medical Control.

Employees must provide evidence of current licensure to the Fire Commander (or his designee) annually and at such other times as requested. All employees are responsible for meeting requirements and maintaining licensure requirements as a Paramedic.

The EMS Instructor Coordinator shall be excused to attend two of the three weekend seminars annually offered by the Michigan Department of Public Health to maintain his/her licensure as EMS Instructor Coordinator. The Public Safety Director (or his designee) shall have the authority to choose the employee to fill the positions of EMS and Fire Instructor Coordinator. The position of EMS Instructor Coordinator shall be a voluntary position. It is further understood that there shall be only one (1) EMS and one (1) Fire Instructor Coordinator. The EMS and Fire Instructor Coordinator shall receive an additional \$0.75 per hour for such periods as they serve as a Coordinator.

In those cases where an employee has lost his license or credentialing for reasons beyond his control, the City shall grant an employee a period of up to thirty (30) days to secure such license and/or credentials. The City will provide remedial training and work with the Monroe County Medical Control to assist with credentialing.

Section 6. Americans With Disabilities Act (ADA). The Association and the Employer recognize that the Americans With Disabilities Act (ADA) requires the Employer to make reasonable accommodations to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, unless such accommodation would impose an undue hardship on the operation of the Employer. In the event that any provision of this Agreement would be violated by such a reasonable accommodation, the Association and the Employer agree to meet and negotiate with respect to that matter only.

Section 7. Super Kelly Days. Effective January 1, 2023, all employees shall be credited with one paid Super Kelly day per year. In order to use such Super Kelly day, requests must be made to the Fire Commander at least twenty-four (24) hours in advance of the expected leave day.

ARTICLE 25 SAVINGS CLAUSE

Should any part of this Agreement be rendered or declared illegal or invalid by legislation, decree of court of competent jurisdiction, Michigan Employment Relations Commission or other established or to be established governmental administrative tribunal, such invalidation shall not affect the remaining portions of this Agreement.

The parties, thereby, shall enter into immediate collective bargaining negotiations upon request either party for the purpose of arriving at a mutually satisfactory replacement for such Article or Section during the period of invalidity or restraint.

It is hereby agreed by and between the City of Monroe, hereafter referred to as the “Employer” and the Monroe Fire Fighters Association, IAFF, Local 326, hereinafter referred to as the Association”, as follows:

1. Having reviewed the Monroe City Council’s action of August 15, 2011, approving the assignment of Public Safety Officers and Public Safety Command Officers (hereinafter collectively referred to as “Public Safety Officers”) to provide supplemental assistance for fire suppression and other hazardous incidents, and recognizing this action as a reasonable exercise of the Employer’s management rights under the parties’ collective bargaining agreement, the Association agrees to withdraw Grievance No. 11-08.
2. The Association further agrees not to institute any grievances, arbitrations, administrative, civil service, or other legal proceedings, of any type or nature, protesting the Employer’s assignment of the Employer’s Police Officers, Lieutenants, Captains or Public Safety Officers to provide supplemental assistance to employees represented by the Association on matters related to fire suppression and other hazardous or emergency incidents, whether or not Police Officers, Police Command Officers, Public Safety Officers or other members of the Employer’s Public Safety Department have traditionally been called on to perform like, similar or related functions.
3. The Association also agrees not to institute any grievances, arbitrations, administrative, civil service, or other legal proceedings, of any type or nature, protesting the Employer’s assignment of the Employer’s Police Officers, Lieutenants, Captains or Public Safety Officers to the Fire Department or elsewhere for purposes of securing Firefighter I and II, First Responder, and other related training.
4. Firefighters shall provide their full cooperation and assistance in the furtherance of a unified and coordinated police and fire public safety response to fires and other emergency or hazardous incidents. In consideration for same and the other terms and conditions of this Agreement, the Employer agrees that for the period July 1, 2021, through and including June 30, 2026, none of the Employer’s current Firefighters and Fire Command Officers shall be laid off or be required to become a Public Safety Officer.

shall assume unified command of all fire scenes to which firefighters and public safety officers have both been directed. The Employer will issue SOG's on the provision of such supplemental assistance. The Association may request that the Employer meet and confer concerning such SOG's.

6. The Employer agrees that notwithstanding its assignment of Public Safety Officers, off-duty firefighters shall continue to be called back on matters related to fire suppression and other hazardous or emergency related incidents for which they have traditionally been called back for duty.
7. For the period of July 1, 2021, through and including June 30, 2026, firefighters shall be responsible for driving/operating fire department apparatus.
